Guys--

Looking forward to sharing intelligence on customers, and ideas and methods on interpreting and acting on the info we're seeing. I will compile additional info on the pharmacies identified by Jack (i.e. Huntington, Better Value, and BB Pharmacy Gemmel) so we'll all have some background on the customers in other regions. Please send additional candidates for sharing and discussion--I will put them into an agenda.

Jack--

I can't see your calendar, so I'm shooting in the dark....please let us know if this time works for you.
